

Pegaso

STEAM VACUUM & DETERGENT

- » 9 bar steam pressure
- » Detergent injection
- » Continuous steam
- » HEPA vacuum filtration
- » Robust stainless steel construction

A high quality stainless steel commercial steam cleaner

The Pegaso is a powerful steam cleaner with integrated vacuum function. Made for industrial cleaning, it boasts a huge 9 Bar steam pressure and produces quality dry saturated steam and maintains a high working pressure.

The Pegaso has detergent injection for those hard to remove stains and HEPA H13 vacuum filtration for peace of mind. The Pegaso also incorporates large water and detergent tank capacities allowing for extended cleaning times and ensures a professional level clean every time.

This steam cleaner is a robust and reliable cleaner with the power and features to tackle the toughest cleaning tasks in a portable and compact stainless steel frame.

The Pegaso is designed to clean a huge variety of everyday surfaces including floors, walls, windows, curtains, upholstery, mattresses, commercial kitchens and bathrooms and is also well suited to small and large cleaning applications.

Ideal for commercial and industrial uses

The Pegaso is the perfect cleaning machine for a wide range of commercial and small industrial uses including commercial kitchens, cafes, restaurants, hospitals, contract cleaners and more.

Built to last

This is a high quality stainless steel steam and vacuum cleaner made in Italy and built to last. The Pegaso is a powerful steam cleaner ready to tackle the toughest cleaning jobs in your industry.

A tool for every cleaning job

The Pegaso is supplied with a comprehensive range of standard attachments to cover a huge range of cleaning applications. It comes complete with a steam only and steam and vacuum tool kits including hoses, floor brush, window squeegee and a detail nozzle with a range of brushes.
