## Italian made, sophisticated, powerful The steam cleaner for your home

The Saphira C8 steam cleaner is one of the most powerful and compact domestic steam cleaners on the market. It boasts a huge 8-Bar of steam pressure with stainless steel boiler and ensures a safe and easy, professional level clean, every time.

The Saphira has the power and features of larger commercial steam cleaners in its' compact size. The continuous steam capability allows for water reservoir refilling at any time during operation, without the downtime of cooling and depressurising. The Saphira features 3-levels of adjustable steam , and is ready to take on the toughest cleaning jobs in your home, without interruption.

## Compact & stylish design

Italian made and designed, the Saphira C8 is elegant and sophisticated boasting cutting edge design, featuring a transparent blue casing with LED luminescence.

Weighing in at just under 8kgs, the Saphira is lightweight, portable and efficient. The four spinner wheels on the base, provide the machine an even weight distribution and high maneuverability, making it very easy to use.

## Ideal for a range of domestic uses

The Saphira is the perfect steam cleaning machine for a wide range of domestic applications for everyday surfaces such as floors, walls, kitchens, bathrooms, windows, grout & tiles, car interiors and more.

The robust yet compact design gives superior cleaning performance—delivering powerful high temperature dry saturated steam, to deep clean below the surface and lift built up dirt and grime while sanitizing the surface.

## Built to last

The Saphira is not your average throw away appliance. With quality Italian construction, and commercial technology, this domestic machine is built to last.

Our available accessories are constructed with a makeup of 50% Fibreglass Reinforced Polymer (FRP), categorically top in their field. FRP is often used in aerospace, marine and construction industries, so you can guarantee these accessories have a high durability.

## A tool for every cleaning job

The Saphira C8 is supplied with a 17-piece multi-purpose accessories kit to cover a range of applications. It comes complete with floor brush, triangle brush, two window squeegee's, detail nozzle and a selection of nylon & stainless steel brush attachments. A comprehensive range of optional accessories are also available.
