

Pegaso

STEAM VACUUM & DETERGENT

- » 9 bar steam pressure
- » Detergent Injection
- » Continuous steam
- » HEPA vacuum filtration
- » Robust stainless steel construction

A high quality stainless steel commercial steam cleaner

The Pegaso is a powerful industrial grade steam cleaner with integrated vacuum function and detergent injection for hard to remove dirt, grime and stains. This unit boasts a huge 9 Bar steam pressure, producing quality dry saturated steam, maintaining a high working pressure to keep up with difficult cleaning jobs and achieving hospital approved sanitation levels.

The Pegaso features a HEPA H13 vacuum filtration system, retaining over 99.9999% of even the smallest of particles. It incorporates large water and detergent tank capacities allowing for extended cleaning times for larger cleaning jobs.

The Pegaso uses high temperature dry saturated steam produced at over 175 degrees. With a moisture content of only 5%, this dry saturated steam kills >99.999% of bacteria & viral agents.* This allows to deep clean below the surface and effectively lift built up dirt and grime, whilst sanitising surfaces.

The Pegaso is designed to clean a huge variety of everyday surfaces including floors, walls, windows, upholstery, mattresses, commercial kitchens and food manufacturing conveyors, gaming rooms, machinery, engine bays, car upholstery and more.

Ideal for commercial and industrial uses

The Pegaso is the perfect cleaning machine for a wide range of commercial and small industrial uses including commercial kitchens, restaurants, hospitals, hotels, contract cleaners, food manufacturing and factories, auto-detailing, supermarket and more.

Built to last

With quality Italian construction, the Pegaso steam cleaner is a robust and reliable industrial unit with the power and features to tackle the toughest cleaning tasks in a portable and compact stainless steel frame.

Our available accessories are constructed with a makeup of 50% Fibreglass Reinforced Polymer (FRP). FRP is often used in aerospace, marine & construction industries, ensuring high durability in an industrial setting.

A tool for every cleaning job

The Pegaso is supplied with a comprehensive range of attachments to cover a huge range of cleaning applications. It comes complete with a Steam only kit and Steam and Vacuum kit with a combined total of over 40 accessories. We have an array of optional job specific tools available.

Product Accessories

Included Steam & Vacuum Accessories

Included Steam Only Accessories

Steam/Vac 6m
Steam Only 6m

Optional Accessories

Product Specifications

Boiler steam temperature	175°c	Steam pressure	9 Bar
Boiler Heating time	7 - 9 minutes	Steam output maximum	80 g/min
Boiler material	Stainless Steel - AISI 304	Steam adjustability	0-80g/min
Boiler capacity	3.1 L	Steam production and water fill	Continuous
Water tank capacity	5 L	Vacuum power	1,200 W
Detergent tank capacity	5 L	Vacuum filter	HEPA Filter (H13)
Steam & vacuum hose	4m standard	Vacuum waste tank capacity	15 L
Steam only hose	4m standard	Steam only & Steam & vacuum kits	Standard
Power required	230V-50 Hz	Dimension (L x W x H)	79 x 40 x 110 cm
Power cable length	5m	Dry weight	37 Kg
Total power consumption	2,200 W (Optional 3,500W)
