Why Dry Steam?

Dry steam cleaning is a cost effective and time saving cleaning method for deep cleaning, sanitising and removing >99.999% of bacteria and pathogens*. All departments can benefit from the improved results provided by the use of dry steam, from housekeeping to catering, ensuring that infection control and visual cleanliness is always at its best.

A Tool For Every Cleaning Job

Steam Australia's quality dry steam machines have a vast array of attachments to cover endless cleaning applications. Choose from a preselected hospitality package or customise your accessories to suit your needs. Make tricky and labour intensive cleaning jobs easier in your ward, with our powerful dry steam sanitising machines. Clean; non slip floors, walls and curtains, bathrooms, kitchen, upholstered seats, mattresses, mobility equipment, common areas, and more.

Built To Last

Steam Australia's quality commercial steam cleaners are manufactured and designed in Italy and are built to last. Our accessories are constructed with a makeup of 50% Fibreglass Reinforced Polymer (FRP), categorically top in their field. FRP is often used in aerospace, marine & construction industries, so you can guarantee these accessories have high durability.

Ecological Results

Utilizing dry steam presents significant cost savings and environmental benefits. Including:

Environment and sustainability

- Uses significantly less water and minimal to no chemicals;
- Reduces chemical waste;
- Creates a clean, dry and sanitized environment; and
- Quickly kills germs, bacteria, dust mites, bed bugs and other parasites.

Economical

- Reduces chemical usage by up to 100%;
- Reduces water usage up to 90%;
- Reduces the cost of water and waste disposal;
- Enables faster cleaning times, allowing staff to clean more areas; and
- Improves facility cleanliness.

Results Without Compromise

Achieve your environmental targets without compromising on efficiency or results!

Suitable for every situation

Using a maximum of 5 litres of water per hour, dry steam will deep clean far more effectively than traditional methods. Steam penetrates deep into the surface, easily removing dirt, grease and grime from the otherwise unreachable areas.

As the steam is hitting the surface at well over 100°C, it not only leaves the surfaces clean, it sanitizes and deodorizes without the use of chemicals. Dry steam also leaves minimal water residue behind, allowing you to either wipe away with microfibre or switch on the vacuum function leaving the surface clean, dry and ready for use.

Accommodation

- Clean mattresses, upholstery, curtains, walls and floors
- Kills dust mites, bed bugs, allergens and bacteria
- Clean windows and window sills
- Remove odours
- Removes stains from bed linen, carpets and carpeting
- Remove nicotine and tar stains from walls and ceilings

Mattresses

Upholstery

Bathrooms

- Clean elevators inside and out
- Vinyl, tiles & grout, carpet, floating & wooden floors
- Clean sticky benchtops and chairs
- Improve patrons first impression
- Effective infection control
- Children's Play Areas
- Gaming Chairs

Floors

Children's Play Areas

Choosing a suitable machine for you

Steam Only

Steam only machines are exactly that – steam only. They have one function and that is to provide high quality dry steam to complete the task easily. Because they have one main function the benefits include:

- More compact and light weight than steam and vacuum machines
- Typically can supply more quality steam for longer periods of time
- Lower investment cost than their steam and vacuum counterparts
- “Plug & Play” functionality – easy and intuitive to use for new and experienced users

Steam and Vacuum

Steam and vacuum machines allow the use of a wet vacuum in conjunction with the steam machine in one compact unit. Steam and vacuum units provide the following benefits:

- Leave surfaces dry – instantly
- Provide a deeper clean to soft surfaces and upholstery
- Features can be used individually or combined with the press of a button
- Accessories for any task – users are never left wishing they had a certain feature to provide impeccable results
- Our commercial steam and vacuum models also come with an added detergent injection function for the more demanding jobs

Recommended machines for your industry

OPTIONAL PROFESSIONAL UPGRADE

- » Lightweight steam & detergent hose
- » In-line detergent injection
- » 9 piece professional detail kit

Testimonials

“Since we started using Steam Australia’s machines throughout our KFC stores, the response from our store managers has been fantastic. The staff have found the machines easy to use and actually enjoy cleaning now. The machines are being used to clean walls, floors, cold rooms, sanitising all stainless steel surfaces and removing chewing gum. It is especially great for cleaning areas which have otherwise been neglected.” — **Mike Mothersole - KFC Project Manager Collins Foods Group**

“We use the steamer in all areas of the restaurant and have found that the results are fantastic! The time saving on jobs such as cleaning restaurant floors tables and chairs are almost halved, and the end result is a brighter and hygienic clean.” — **Lee Geraghty - Hogs Breath Cafe Albury**

“I have found that Steam Australia units to be far superior to any others we have used. The machines have many applications both front of house and back of house, kitchens, bathrooms, escalators and lifts. They are also a most effective way of reducing chewing gum on pavements and carpet.” - **Michael Gilzean - Public Area Manager Star City**

“Since the introduction of daily steam cleaning, my consumable purchases have decreased, my café is busier and there is always a clean, fresh smell pervading the café.” - **Bruce Goldman - Bluestone Café**

“We couldn't be without it! The machine and the service team are first class”- **Doris Lloyd - Lounge Manager 1st and Business Class Emirates Airline International Airport Brisbane**

“The machines capability and flexibility in cleaning the many different applications we have is outstanding and the service you provided from the sale to the after service is commendable.” - **Ken Howell - Facilities Manager Tweed Heads Bowls Club**

About Steam Australia

Steam Australia are the experts in steam cleaning. We’ve been bringing Europe’s leading names in steam cleaners to the Australian market for over ten years and have built our reputation as the best place to buy a quality steam cleaner in Australia.

We have a huge range of commercial steam cleaning machines available. Whether you are looking for a small steam cleaner or a three phase industrial grade steam cleaning machine we have it covered.

As the sole Australian supplier for some of Europe’s leading names in steam cleaning you can be sure you are getting a quality product when you buy from us.
