

GALAXY GVC-18000

INDUSTRIAL DRY STEAM CLEANER

A FASTER WAY TO A GREASE, GRIME AND GERM-FREE PRODUCTION FACILITY

Galaxy GVC-18000 Twin model pictured

USE FOR

- Conveyor framework
- Flow wrappers & baggers
- Slicers
- Sandwich joints & niche areas
- Motors, conduit, electrical wiring
- Chains
- Diamond plate steps and catwalks
- Conveyor Belts (with automated attachments)

9,000, 36,000 and 72,000 Watt units also available.

Galaxy GVC-18000 Continuous Dry Steam Power

The Galaxy GVC-18000 dry steam cleaner is ideal cleaning equipment for food production and manufacturing facilities. The machine makes cleaning and sanitising production and packaging equipment easier, all thanks to its powerful dry steam.

On demand, industrial strength dry steam eliminates soiling, mould, bacteria, viruses and microorganisms. Reduce cleaning time and lower production down time. Clean your facility to the highest level of hygiene available in the cleaning industry. Powerful enough for production lines, yet gentle on machinery and electronics.

Plus, dry steam cleaning provides the benefit of targeted cleaning in dry environments, water sensitive equipment, hard to reach areas, and other challenging applications where traditional dry cleaning methods simply can't produce the results you need.

Dual Operators

Add the optional second steam outlet to allow two operators to clean simultaneously. Further reducing your cleaning times to allow you to get back to production sooner.

Note: Call or visit steamaustralia.com.au for additional information.

Galaxy GVC-18000

Input power	22 amps, 480V, 50/60 Hz AC, three phase. Maximum 18-KW
Maximum output Pressure	0 - 10 Bar adjustable
Maximum Output Temperature	143.3°C
Maximum Output Steam Volume	26.7Kg / hour
Boilers	Twin 4.5L Boilers (9L Total)
Water Tank	40L w/ continuous water refill
Chemical Tank	Twin 5L Tanks
Dimensions	Height: 111.7 cm Width: 71.1 cm Depth: 104.1 cm
Dry Weight	88 Kg
